✉ ogabekomonov79@gmail.com · 🌍 Samarkand, Uzbekistan · 🎓 Asian International University (Bukhara)

## ABOUT ME

I was born on August 28, 2006. I am currently studying at the Asian International University in Bukhara. My goal is to become a skilled frontend developer. I have been learning frontend development for about a year and built small projects such as a portfolio and online shops. I am currently working on independent projects.

## EXPERIENCE

### Frontend Projects

Portfolio and e-commerce websites — 2024–2025

1. Built user interfaces using HTML, CSS, Bootstrap
2. Implemented dynamic behavior with JavaScript and React
3. Used Tailwind CSS to simplify and speed up design

## EDUCATION

**Bachelor's Degree** — Asian International University, Bukhara · 2024 — Present

## OBJECTIVE

My objective is to grow into an experienced and creative frontend developer, work at large IT companies, and build user-friendly web applications.
